This Disclosure is strictly limited to NSU's determination of whether the **Educational Specialist (Ed.S.) with a concentration in Educational Leadership** (the "Program"), if successfully completed, would be sufficient to meet the educational requirements for licensure or certification in a State, as defined as 34 C.F.R. § 600.2.

NOTE: This Disclosure does not guarantee that any particular State licensure entity will approve your application for certification or professional licensure. Furthermore, it does not account for changes in state law or regulations that may affect your application for certification or licensure at or after the time that this Disclosure has been made. If your career plans include pursuing professional licensure or certification in your chosen field, it is important to become educated on the credentialing requirements of the state in which you hope to practice by contacting the state's licensure entity. In accordance with 34 C.F.R. § 668.43, NSU has determined whether the Program satisfies State educational requirements for licensure as follows:

State licensure or certification requirements can vary from state to state, depending on each State's laws and regulations. The State licensure entities are responsible for overseeing the educational and non-educational requirements for licensure or certification for their State. NSU's Ed.S. in Educational Leadership programs are designed to meet the educational requirements for certification in the applicable subject area in Florida and Nevada. Certification is subject to successful program completion and fulfillment of all applicable state-specific requirements. Prospective and enrolled students seeking certification or licensure outside Florida or Nevada are responsible for contacting the applicable state licensing authority to determine whether the program meets that state's professional licensure or certification requirements, including any additional coursework, examinations, experience, background checks, applications, or other state-specific requirements. If you have trouble obtaining the information you need, or if you have any other questions regarding certification, please contact Dr. Lisa Carbone at fischlerinfo@nova.edu for assistance.

**Meets Educational Requirements indicates that the program satisfies the state's educational prerequisites for licensure or certification; however, licensure or certification may also be contingent upon applicant-specific requirements, including teaching experience, prior educator credentials, district employment, leadership assessments, background checks, application procedures, and other state-specific requirements.*

***NSU does not guarantee that licensure or certification requirements are current. Students must verify requirements directly with the appropriate state agency throughout their program of study.*

*Note: Per 34 CFR § 668.43, the Fischler College of Education and School of Criminal Justice (FCE&SCJ) defines a **Professional Licensure Program** as an academic program designed, marketed, and/or advertised to fulfill the educational prerequisites for a particular state license or certificate for employment.*
