

## **Statement of the Problem**

### **Introduction**

This is a brief description of the proposed area of study. Include at least three sentences.

### **The Research Problem**

This is an area of conflict, concern, or controversy (a gap between what is wanted and what is observed).

### **Background and Justification**

Provide evidence from the literature and experience showing that the problem exists and the relevance. Include at least two references.

### **Deficiencies in the Evidence**

Include a brief discussion that details the area of need in relation to the problem and the deficiency or lack of evidence in the literature.

### **Audience**

Discuss who is affected and who benefits.
